Importing Citations from PubMed to RefWorks

2. Select the articles you want to import.
3. Click on the "Send to" button and choose "File".
4. Select the "Format" as MEDLINE.
5. Download the MEDLINE format file.
6. Open RefWorks and select "Import from a file".
7. Drag and drop the file or select a file from your computer.
8. Import the references into RefWorks.

What is the format of this file?

You've selected pubmed_result.txt (15.30kb).
We think this file is NLM PubMed. If it's not, you can search for the format.

This file will be imported as:
NLM PubMed
