Instructions for NAPLEX® Review Resources

AccessPharmacy and Exam Master are the two main resources available to you through the MUSC Library in order to prepare for the NAPLEX®. You can access those resources here: https://musc.libguides.com/SCCP/examprep.

AccessPharmacy
Within AccessPharmacy, you will find a comprehensive review tool called NAPLEX® Central. To fully access NAPLEX® Central, you must have a MyAccess account. Shibboleth is not set up with AccessPharmacy, so you will need to create an account manually using your MUSC or USC email address.

To sign in or to create an account, click the “Sign In” button in the top right corner of the screen, and then click “Sign In or Create a Free MyAccess Profile”.

If you already have an account, simply sign in with your email and password. If you need to create an account, click the blue “Create a Free MyAccess Profile” button and fill out the required fields.

Accessing NAPLEX® Central
Click the “NAPLEX® Central” tab in the menu bar.

NAPLEX® Central contains multiple review books, question banks, and review videos.
Review Books and Question Banks

Review books will have three options: go straight to the book, create a random quiz, or create a custom quiz. Question banks will have two options: create a random quiz and create a custom quiz.

Create a Random Quiz

To create a random quiz, simply enter the number of questions you wish to see and click **Start Quiz**.
Create a Custom Quiz

To create a custom quiz, scroll down and enter the number of questions you wish to see in each section. Once you have entered this information, click the “Start Quiz” button.

```
Create Custom Quiz

 Ensure Safe and Effective Pharmacotherapy and Health Outcomes

<table>
<thead>
<tr>
<th>5</th>
<th>of 73 available 1.1.1: Obtain, interpret, assess, and/or evaluate information from patient interviews</th>
</tr>
</thead>
<tbody>
<tr>
<td>15</td>
<td>of 121 available 1.1.2: Obtain, interpret, assess, and/or evaluate patient medical records</td>
</tr>
<tr>
<td>8</td>
<td>of 49 available 1.1.3: Obtain, interpret, assess, and/or evaluate results from instruments and screening</td>
</tr>
<tr>
<td>3</td>
<td>of 125 available 1.1.4: Obtain, interpret, assess, and/or evaluate laboratory and diagnostic findings</td>
</tr>
<tr>
<td>16</td>
<td>of 75 available 1.1.5: Obtain, interpret, assess, and/or evaluate signs and symptoms associated with diseases and medical conditions</td>
</tr>
<tr>
<td>4</td>
<td>of 8 available 1.1.6: Obtain, interpret, assess, and/or evaluate patients’ need for medical referral</td>
</tr>
</tbody>
</table>
```

Each question gives you the option to “submit and view answer” or “submit and view next question”. With either option, you will be able to review the correct answers and explanations at the end of the quiz.

Exam Master

Always access Exam Master from the Library’s website/Research Guide: [https://musc.libguides.com/SCCP/examprep](https://musc.libguides.com/SCCP/examprep)

You must create an Exam Master account before you can access the practice questions. Your account must be created with your MUSC or USC email address.

Create Random Practice Exams

Once you create an account and log in, you have two options for practice exams, similar to your two options in AccessPharmacy. You can create random practice exams or customize the questions you see.

To take a standard practice exam where Exam Master randomizes the questions for you, click “Create Exams” in the left side menu, then click the “Practice Exams” tab at the top of the screen, and choose whichever exam you would like to take. The practice NAPLEX exams will mimic the format of the NAPLEX (250 questions delivered in two block sections, both of which are timed).
Create Custom Practice Exams
To customize your practice exam, click “Create Exams” on the left side of the screen and make sure you are in the “Exams” tab.

Click “Pharmacy”, select an option under “Topics” and then click the “select” button. You will then be taken to the screen where you can customize. You can customize your exam to randomize a certain number of questions (max is 300) and filter questions you see to any, ones you have answered incorrectly, ones you have never answered before, only questions with cases, or questions that contain a certain word.

If you have any questions about these resources or experience any problems, please contact Emily at jonesemi@musc.edu or 843-792-3364.
